Two well-known men in Dayton, O., ara William W. Bockfield and George K. British you have forewen of the paint sh and machine shop respectively, of the works of J. W. Steldard & Co. They are both skillist machiness and pride them-edves upon the overlience of their work. We are not laformed as to whather they agree in politics and upon those questions of general interest which divide the public of general interest which divide the public mind, but they are firm friends, and upon one question they stand together absolutely united. Experience has bed both of them to place the most implicit rath in Athlo-phars as a sure runedy for rheamation and manufagin, and nothing can shake their confidence in it. That this confidence is well grounded the stories which they tell of the benefits conferred by it will fully allow. As the case which Mr. Rockfield relines, that of the cure of his daughter from a terrible straight of normalin. Is the from a terrible attack of neuralgin, is the

Houses: Athlopherm dld what nothing else was able to do for my daughter. For four menths sho was to a most distressing con-dition from neuralgia. Such an extreme ence probably never existed before—at least I mover heard of book a one. She was confined to her bed for months, suffering excepting but death. Such was her con-frient that the least noise would disturb her. The summi of feetsteps made by peoher. This sound of isothers made by people printing on the parenont below her vindow would amony her. She was so sick that we dispaired of her life. Nothing that we could be did her any good, and it womed as if the pain in her head would drive her cut of her mind. I had read of a one of the curves made by Athlophorus, st really did not think that it could ever Lowever, I bought a bottle and began giv-

There the medicine.

To my surprise—and it certainly was underful—after the had taken a half botthe she was able to get up and go down stairs. After that she was never confined to her room. I never saw at heard of a dicine working as that slid in my daugh

Yes. She took some twelve bottles." Does she have any return of the pain?' She had a little in the back a few week are most wonderful and beyond all conion by those who did not see her during

Mr. Brierley was also afflicted with neucalgia, but fortunately for him, although the case was severe, it did not go such ter-tible lengths as in Miss Rockfield's case. This is what Mr. Brierley says of it:

"I was afflicted with neuralgia for man years. I induced the agony which no of an imagine except these who have be directed as I was. My head felt as if a sold harst and I walked the floor i has and days, not being able to alounly I decided to change the treatment led, and which gave me no relief, an time Arbiophures. I used one bottle, an new that time I have been at my wor and have not suffered from the neuralgia. Thou old you first hear of Athlo

WHAT IS DYSPEPSIA?

Among the many symptoms of Dyspepsia or Indigestion. the most prominent are: Variable appetite; faint, grawing feeling at pit of the stomach, with unsatisfied craving for food: heartburn, feeling of weight and wind in the stomach, bad breath, bad taste in the mouth, low spirits, general prostration, headache, and constipation. There is no form of disease more prevalent than Dyspepsia, and none so peculiar to the high-living and rapid-eating American people. Alcohol and tobacco produce Dyspepsia; also, bad air, etc.

By order of the Board of Education M. N. HANGING, Clerk WILLSTWILLIE O., March 10, 1886. 1

CHICAGO, ROCK ISLAND & PACIFIC RAILWAY THE GREAT ROCK ISLAND ROUTE

THE GREAT ROCK ISLAND ROUTE
Guarantees its patrons that sense of personal security afforded by a solid, thoroughly ballasted road-bed, smooth tracks of continuous steel rail; substantially built culverts and bridges; rolling stock as near perfection as human still can make it; the safty appliances of patent buffers, platforms and air-brakes; and that exacting disciplins which governs the practical operation of all its trains. Other specialities of this route are Transfers at all connecting points in Union Depots, and the unsurpassed comforts and inturness of its Passenger Equipment.

The Past Express Trains between Chicago and the Missouri River are composed of well ventilated, thely vubolstered Day Gosanies. Magnificent Pullman Paisce Sissepers of the islant design, and sumptuous Duling Cars, in which staboustely coulded meals are infouring eithen, "good Digestion waiting on Appetite, and Health on both." Between Chicago and Ealmast City and Atchison, are also run the Celebrated Beclining Chair Cars.

THE FAMOUS ALBERT LEA ROUTE Is the direct and favorite line between Chicago and Minneapolis and St. Paul, where connections are made in Union Depots for all points in the Territories and Srillah Provinces. Over this routs, Fast Express Trains are run to the watering places, summer resorts, picturesque localities, and huming and fishing grounds of Iowa and Minnesota. It is also the most desirable routs to this rich wheat fields and pastoral lands of interior Dakrot.

Still another DIRECT LINE, wa Senece and Ennkakes, has been opened between Newport News, Elchmond, Choinnah Indianapolis, and Lanysets and Council Sluins, Kanasa City, Minnespolis and St. Paul and Intermediate points.

For detailed information see Maps and Folders, obtainable as well as Tokets, at all principal Ticket Offices in the United States and Canada; or by addressing
